About

I am passionate about software development, an area in which I have acquired almost 8 years of experience. Being a fast-thinker and a problem solver, my aim is to create tools and solutions that would add values to companies and contribute to a positive change in the world.

I am a Senior FullStack Web Developer (balanced both at Frontend & Backend Development) and Wordpress Expert (Development of Wordpress Custom Themes/Plugins/Gutenberg Blocks/Secured WP Rest API Endpoints) with a Bachelor's Degree in Computer Science.
